

TOTALPML

PROPERTY MAINTENANCE AND LANDSCAPING

Cares!

We are excited to make 2019 even more incredible, giving back more than ever before. In efforts to do this, we are implementing a new initiative, in which we sponsor a child living in poverty. Furthermore, for every annual contract, we will provide a child in need with 12 months of sponsorship, connecting them to medical check-ups, nutritious foods, clean water, health education, as well as medications, surgeries, and more.

Your contract with TotalPML will help a child overcome poverty!

These sponsorships will be facilitated through [Compassion International](#), an organization which provides 80% of every dollar, directly to the individual being sponsored. To find out more about this organization please check-out our [Partnership](#) page.

Sponsorships are established for every reoccurring maintenance contract lasting >12 months and priced at-or above a specific, undisclosed price point.
